

FAN DEMO PROCESS

30-DAY

We have complete confidence in our industrial fans and their performance in a variety of applications.

GIVE OUR FAN A TRY!

Use it in several areas of your facility.

Here's how the Fan Demo Process works:

- Upon request, a fan will be sent for your in-house 30-day evaluation.
- An invoice marked "Evaluation" will be sent to your attention. If you decide to keep the fan, simply pay the invoice.
- Begin using your fan as soon as you receive it. Please use it as if it were your own... we expect it to show signs of use.
- If you decide not to keep the fan, contact your sales representative for the proper return information. All we ask is that you pay the return freight.
- Upon return of the fan, the invoice will be fully credited.
- We welcome your comments... they are important to us!

Note: For sizes larger than 30", all freight is solely the responsibility of the customer.
